PAKISTAN JOURNAL OF SCIENTIFIC AND INDUSTRIAL REASEARCH
Volume 42 SUBJECT INDEX 1999

A

Acrylamide and crotonic acid, bulk copolymerization of 5
Acrylonitrile grafting onto maize starch.... ..... .74
Adipic acid, conversion of cyclohexane to.. 336
Agroecology of major crops of Bangladesh..... 295
Air pollution components of Karachi... 161
Alachlor effect on fungal wheat straw decomposition 30
ATPase of *Rhodotorula glutinis*, purification of. ..... .364
Azolla effect on N P K and S uptake by rice.... ..... .145
Azouracil compounds, structures of substituted.. ..... .11

B

Banach's fixed point theorem, generalization of. 180
Bangladesh coast, *C.dussumieri* population on... 390
Black point infection, biochemical changes in wheat due to 89
Blanching effect on nutrients of corrot pulp.... ..... .184
Border irrigation, infiltration measurement methods in 34
Boron effect on yield and nutrient uptake of wheat 137
Botryocladia leptopoda polysaccharide, chemistry and elicitor activity of 223
Butyl acrylate terpolymerization.... ..... .306

C

CAD design of overhead crane..... 288
Caffeine effect on pineal melatonin contents in rats 27
Caffeine effect on serotonin N-acetyltransferase activity 27
Cajanus cajana, sowing date effect on yield of... ..... .257
Calcium oxalate-struvite urinary calculi.... ..... .211
Calculi, calcium oxalate-struvite urinary calculi ..... .211
Carbonaceous deposits on naphtha reforming catalysts 301
Carrot juice nutrients, blanching effect on 133
Carrot pulp nutrients, blanching effect on.... ..... .184
Casein-g-BA graft copolymer... 109
Catalysts from natural clays... 156
CCC seed treatment effect on rice and wheat crops 276
Cell membrane thermostability and heat tolerance in cotton 44
Cellulose acetate from jute sticks... 377
Chlorides effect on cotton callus tissue... 260
Citrullus colocynthis germinated seeds, fatty acids and lipids in 248
Citrullus vulgaris, lipases of... 345
Clays, catalysts from natural... 156
Co(III) complexes containing a monobasic acid and tetradentate macrocyclic ligands 70
Coilia dussumieri, population on Bangladesh coast 390

Condensing mappings in D-metric spaces.... .177
Copolymerization of acrylamide and crotonic acid. 5
Copper ore, hydrometallurgical processing of... ..384
Cotton, cell membrane thermostability and heat tolerance in 44
Cr(III) complexes containing a monobasic acid and tetradentate macrocyclic ligands 70
Crops of Bangladesh, agroecology of.. ...295
Cross linking agent SPDP, vibrational study of. .63
Crotonic acid and acrylamide, bulk copolymerization 5
Cupressus sempervirens, volatile constituents of leaves of 98
Cuscuta reflexa, phytochemistry of.... .170
Cyclohexane to adipic acid conversion.... .336
Cyperus rotundus and NaCl effect on wheat growth. 372

D

D-metric spaces, condensing mappings in.... .177
Date varieties, composition of... ..86
Dietary fibre of carrot, blanching effect on... ..184
Dihydro anthracene, synthesis of... ..156
Dimension stones, tests on.... .209
Dioscorea dumetorum, starches from.... .374
Dodecyltrimethyl ammonium bromide, see DoTAB
DoTAB system effect on sorbic acid distribution in oil-water system 227

E

Effluent of Lyari River.... .230
Effluents of oil industries, physicochemical studies of 121
Essential oils of *Ocimum basilicum* (local variety) 332
Ethyl-hexylacrylate terpolymerization.... .306
Eucalyptus camaldulensis oil composition, variation in 282

F

Fagonia cretica, trace elements in.... .182
Fertigation for efficient S use in wheat... .380
Fertilizer, P efficient use in 253
Fibre; See Yarn
Fungal decomposition of wheat straw, herbicide effect on 30
Fungi, sunflower field diseases due to seed borne 93
Fixed point theorem in 2-metric space 242

G

Genotypes of rice, stable... ..279
Ghee industry effluents, physicochemical studies of 121
Ghee, nickel contamination of vegetable... ..126
Glauconitic sandstone of Chichali formation of Punjab, mineralogy of 215
Glycoside from *Polianthus tuberosa*, a new.... .26
Gossypium hirsutum, NaCl and $CaCl_2$ effect on callus tissue of 260

Gossypium hirsutum, seed and fibre study of.... .355
Graft co-polymer casein-g-BA... ..109
Graft copolymer of acrylonitrile onto maize starch ... 74
Gram yield response to irrigation... ..197
Ground-nut crop, termicide effect on termites attacking ... 200
Guava wilt control 244
Gypsum of Azad Kashmir, industrial feasibility of ... 54

H

H_2 salen, rate of hydrolysis of..... .78
Haloxyfop effect on fungal wheat straw decomposition ... 30
Heat tolerance in cotton, cell membrane thermostability and ... 44
Herbicide effect on wheat straw decomposition by fungi ... 30
Hydrochloric acid leaching of soil minerals in Nig ... 1
Hydrochloric acid leaching of sphalerite with $KClO_3$ ... 204
Hydrolysis of H_2 salen, rate of..... ... 78
Hypnea musciformis polysaccharide, chemistry and elicitor activity of ... 223

I

Industrial feasibility of Azad Kashmir gypsum..... ... 54
Infiltration measurement methods in Border irrigation ... 34
Integro-differential equations, monotonicity theorems for ... 236
Iodoaniline, solvent extraction study of.... ... .314
Irrigation, infiltration measurement methods in Border ... 34

J

Jute sticks, cellulose acetate from.... ... .377

K

Karachi, air pollution components of.... ... .161
Kutubdia channel of Bangladesh, *C.dussumieri* population in ... 390

L

Ligand complexes of Cr (III) and Co(III).... ... .70
Lipases of *C.vulgaris*... 345
Lipid components of *Sapindus mukorossi*... 339
Lipids in *C. colocynthis* germinated seeds.... ... .248
Liquid-liquid contractors, model for the design of ... 102
Lyari River effluent... 230

M

Macrobrachium malcolmsonii, pond production of.. ... .284
Macrobrachium rosenbergii, post-larval diets of... ... 192
Maize, combining ability analysis in.... ... .141
Melatonin content, caffeine effect on pineal... 27
Metal (divalent) complexes with ON-NO donor tetradentate ligand ... 83

Methyl methacrylate terpolymerization.... .306
Mineralogy of glauconitic sandstone of Chichali formation of Punjab 215
Modelling the design of liquid-liquid contractors. 102
Monotonicity theorems for integro-differential equations 236
Multidentate chalcone derivative complex with divalent metal ions 83

N

Naphtha reforming catalysts, carbonaceous deposits on 301
Nickel adsorption by soil, pH effect on..... 59
Nickel contamination of vegetable ghee..... 126
Nigeria soil minerals leaching by HCl..... 1
Nigerian vegetable oils, flow characteristics of.. 325

O

Ocimum basilicum, essential oils of..... 332
Oil industry effluents, physico-chemical studies of 121
Oil of *E.camaldulensis,* variation in..... .282
Oryza sativa somaclonal lines, yield and quality parameters of 47
Overhead crane, CAD design of..... 288

P

Pakistani sulphide minerals, minor and trace elements in 24
Palladium (II), spectrophotometric determination of 310
Palladium determination with rubeanic acid..... 173
Peganum harmala oil, anabolic effect of..... 154
pH effect on Ni adsorption by soil..... 59
Phosphorus efficient use in wheat..... 253
Pigeonpea yield, sowing date effect on..... 257
Plant root, sensor for monitoring water uptake by. 51
Plant seedlings, Zn toxicity for..... 150
Pleurotus spp., biodegradation and nutrient improvement of rice crop by 360
Polianthus tuberosa, a new glycoside from..... 26
Pollution components of Karachi air..... 161
Polybutadiene rubber, thermodynamic and viscometric studies of 117
Polysaccharides of red algae, chemistry and elicitor activity of 223
Porphyridium cruentum cultivation in natural outdoor conditions 39
Potassium chlorate for HCl leaching of sphalerite. 204
Potassium content of glauconitic sandstone..... 215
Potassium ion effect on muscle activity of *U. hardwickii* 368
Prawn; pond production of *M.malcolmsonii*... ..... .284
Prawn, post-larval diets of fresh water..... 192
Proton ionization of m-iodoanilin..... 314

R

Red microalga: See *Porphyridium cruentum* 39
Rhazya stricta, trace elements in..... 182

Rhodotorula glutinis, purification of ATPase of... 364
Rice crop, CCC seed treatment effect on.... 276
Rice crop, weeding and fertilizer effect on..... 349
Rice, effect of *Sesbania, Azolla* and urea on N P K and S uptake by 145
Rice, hybrid vigour in Basmati..... 202
Rice somaclonal lines, yield and quality parameters of 47
Rice straw, biodegradation and nutrient improvement by *Pleurotus* spp. of 360
Rice yield, genotype environment interaction for..... 279
Ring spinning frame model effect on yarn..... 293
Rubber, thermodynamic and viscometric studies of polybutdiene 117
Rubeanic acid, palladium determination with..... 173

S

Sapindus mukorossi, lipids of..... 339
Seed cotton stability studies..... 355
Sensor for monitoring water uptake by plant root.. 51
Serotonin N-acetyl-transferase activity, caffeine effect on 27
Sesbania effect on N P K and S uptake by rice..... 145
Sodium chloride and purple nutsedge effect on wheat growth 372
Soil, effect of pH on Ni adsorption by..... 59
Soil minerals of Nigeria, HCl leaching of..... 1
Sorbic acid distribution in oil water system, DoTAB effect of 227
Sowing date effect on pigeonpea yield..... 257
Spectrophotometric determination of palladium (II) 310
Sphaelerite, hydrochloric acid leaching with $KClO_3$ of 204
Spring wheat: See wheat
Starch, acrylonitrile grafting onto maize..... 74
Starches from Nigerian yam cultivars..... 374
Succinimydyl-pyridyl-dithio-propionate, vibrational study of 63
Sulphide minerals, minor and trace elements in Pak 24
Sulphur effect on yield and nutrient uptake of wheat 137
Sulphur use in wheat, fertigation for efficient... 380
Sunflower field diseases due to seed borne fungi.. 93

T

Tellurium films, probe shape effect on conductance of 113
Termicide against termite attack on ground-nut crop 200
Termite control by heptachlor and tenekil..... 200
Thorium mixed ligand complexes 130
Thuja orientalis fruits, chemical composition of..... 188
Thuja orientalis, volatile constituents of leaves of 98
Trace elements in *R. stricta*, *V. rosea* and *F. cretica* 182
Two metric space, fixed point theorem in..... 242

U

Uracil compounds, structures of substituted Azo... 11

Uramium mixed ligand complexes 130
Urea effect on N P K and S uptake by rice..... 145
Urine-oxalic acid mixture, physical properties of. 220
Urolithiasis, trace element studies in..... 211
Uromastix hardwickii, K-ion effect on muscle activity of 368

V

Vegetable oils, flow characteristics of Nigerian.. 325
Vinca rosea, trace elements in..... 182

W

Water uptake by plant root, senor for monitoring of 51
Weeding and fertilizer effect on rice crop..... 349
Weeding effect on wheat yield..... 273
Wheat adaptability to local seasons 342
Wheat, biochemical changes due to black point in.. 89
Wheat crop, CCC seed treatment effect on..... .276
Wheat, efficient S use by fertigation in..... 380
Wheat, P efficient use in..... 253
Wheat, purple nutsedge and NaCl effect on growth of 372
Wheat straw decomposition by fungi, herbicide effect on 30
Wheat, S,Zn and Bo effect on nutrients of..... 137
Wheat yield, weeding effect on..... 273
Wilting of guava, control of..... 244

Y

Yarn, ring spinning machine model effect on... 293
Yeast, See *R. glutinis*

Z

Zinc effect on yield and nutrient uptake of wheat 137
Zince toxic effect on plant seedlings..... 150
Zirconium mixed ligand complexes..... 130
